

CENTRIFUGE SYSTEM RENTALS

High-Performance Separation Without the Capital Investment

CentriTEK offers flexible industrial centrifuge rental solutions that allow you to deploy high-performance separation technology quickly—backed by expert service and technical support.

Whether you need equipment for temporary projects, emergency support, or process optimization, CentriTEK provides reliable centrifuge solutions designed to keep your operations running.

Why Rent a Centrifuge?

Reduce Capital Risk: Deploy centrifuge technology without committing to a major equipment purchase. **Immediate Equipment Availability:** Quickly respond to processing demands, plant outages, or seasonal production increases.

Ideal for Temporary Projects - Perfect for:

- Lagoon cleanouts
- Process testing
- Sludge backlogs
- Emergency equipment replacement
- Plant upgrades
