

CENTRIFUGE SERVICE & REPAIR

Service • Repair • Equipment Solutions

CentriTEK is a service-driven industrial centrifuge specialist that specializes in industrial centrifuge service, repair, and optimization, helping customers maximize equipment performance, reduce downtime, and extend the life of critical separation systems.

Our technicians have experience servicing decanter centrifuges and other industrial separation equipment used in municipal, agricultural, and industrial processing environments.

Complete Centrifuge Service Solutions

CentriTEK provides full lifecycle support for industrial centrifuge systems, including preventative maintenance, field service, major repairs, and equipment sales.

- Routine Maintenance & Process Optimization
- Complete Overhaul & Rotating Assembly Restoration
- Field Service & Emergency Repair
- New & Reconditioned Centrifuge Systems

Partner With CentriTEK

At CentriTEK, we believe equipment is only part of the solution. Our mission is to deliver expert centrifuge service and reliable separation solutions that help customers operate more efficiently.

When you partner with CentriTEK, you gain access to experienced centrifuge specialists committed to keeping your systems performing at their best.

WHY CENTRITEK VS OEM SERVICE

CentriTEK

Responsive service team
Cost-effective service options
Dedicated service specialist
Faster turnaround times
Service all major brands

OEM Manufacturer

Limited-service availability
High OEM pricing
Focus on equipment sales
Long lead times for repairs
Restricted to one brand

CentriTEK provides flexible, responsive centrifuge service designed around your operational needs.

- All major brands serviced

- ~ Alfa Laval / Sharples
- ~ Andritz / Bird - Humboldt
- ~ Centrisys
- ~ Flottweg
- ~ GEA Group / Westfalia
- ~ Hiller / US Filter

Don't Wait

Schedule:

- Preventative maintenance
- Emergency service support
- Centrifuge inspections
- Complete rebuild evaluations
